

24 April 2014

Secretary Ray Maybus  
The Secretary of the US Navy  
1000 Navy Pentagon  
Washington, D. C. 20350-1000

Dear Secretary:

This is an Official Freedom of Information Act Request. I will pay up to \$25 in costs for the requested documents.

Under the Freedom of Information Act I request the list of the 290 passengers and crew who were on Iran Air Flight 655 which was willfully and wrongfully shot down by Captain Will Rogers III, USN, and his crew of USS Vincennes, in a haze of hi-tech conversion disorder or mass hysteria, on 3 July 1988, and the list of payments made to each of the passengers' next of kin, significant others, or families by the United States Government.

Although it is unclear if Libyans actually had anything to do with the downing of Pan Am Flight 103 in December of 1988 in retaliation for the 3 July 1988 Crimes Against Humanity they were made to pay for it. It seems the Iranian government would have been a more logical choice for who was responsible for the barbaric downing of Pan Am Flight 103. It is most clear who criminally murdered the passengers of Iran Flight 655 and they all got medals along with a nice Navy cover-up.

I thought how typical. Some US Marines tore a Neapolitan prostitute to pieces when I was stationed at NSA Agnano. For awhile, I saw them on fatigue detail in civilian attire working the lawns of AF South. Then one day they were gone. An Italian officer informed me the American Admiral's car had picked them up and taken them to military sector of Capodichino for a flight out of Italy. Ain't Status of Forces Agreements wonderful!?!? I never heard anything more about them. They were probably sent to Okinawa to rape Japanese school girls.

I've attached the cover of the 13 July 1992 of Newsweek Magazine that contains a lengthy article on the subsequent US Navy and DoD cover-up of this criminal murder of the Iranian civilians to jog your memory. Also, I've attached an article dealing with one of the US Navy's Finest, Admiral Jonathan Howe, who has lived in the fog of a fundamentalist Christian conversion disorder for decades. It is a common disorder among high ranking officers in the armed forces of the US. When he got to Somalia as the United Nations envoy he started hosing down Mogadishu with AC-130 gunships. I often wondered how many woman and children that asshole murdered in his hysterical reaction to Moslems existing. I note in the film Black Hawk Down he isn't given credit for getting our troops killed. Guess he thought he was Richard I of England. He was such a chicken-shit that his female assistant had to dump his piss jar for him in Mogadishu. Another great American hero! Howe, in his fundamentalist Christian glory and righteousness enlisted children from the Club Beyond to spy on me since I actually taught real biology to my students in DoDEA...Darwinian-based biology...the only biology there is rather than Jezez biology which was more the rule in DoDEA then. Wonder if Will is as Jezezed out as Johnathan is?

Thank you for your time and consideration in this matter.

Sincerely,

Bart Glennon
